

AN.34

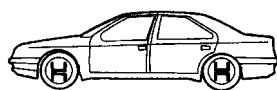

2050.306

The diagram illustrates a 40-pin logic board layout. The board is divided into several sections, each containing various components labeled with values such as 200, 260, 080, 140, 602, 601, and 600. Two TV 400 components are shown on the right side. The layout includes a central horizontal strip, two side strips, and a bottom strip. Components are connected by lines, and the board is numbered 1 to 39 along the bottom edge.
